June Meeting Minutes

The June Minutes were not available in time for publication.

Prez. Says

I can still remember the first time I stood and watched an R/C airplane taxi out onto the runway, sit there for a few seconds, then throttle up and take off. I still get that special feeling when watching someone fly and I guess I always will. Teaching others to fly and seeing the enjoyment they get from learning to fly is something you never forget. Watching them improve their skills and become proficient in their flying gives us a sense of accomplishment that lasts forever. Although I have taught a lot of students to fly the one that has made me the most proud is Steve Petty. Steve is not only a very good pilot, but an excellent builder, and repair artist; the latter due to necessity. Steve also shares the excitement and enjoyment of this hobby by teaching kids about aviation and radio control. As a teacher, it may be part of his makeup, but we all know there are good teachers and not so good teachers. Steve is great and we are lucky to have him as a member of MPRCF. Thanks Steve for everything you do, you makes us proud. (Just remember to watch out for Robert Bell if you leave your trainer at the field.)

The work continues at the Coleman Rd field but there is still a lot to be done. We are making progress. The rock has been removed from the runway and I couldn't even guess how many trees we have taken down. I think we will be able to start flying there very soon. We are going to be working there both days this weekend and can use all the help that we can get. We will have plenty of cold water and will do something for lunch. If you can't make it out on Saturday, come out on Sunday; there will be plenty to do.

I haven't heard anything from Allied Waste about the field at the landfill. They have been working hard and may be getting ready to lay the liner soon. The field remains open for flying and I will let you know of any changes.

Time to head out to the new field and do a little work, I hope to see you at the meeting this Thursday. It will be at the Coleman Rd field starting at 6:30.

Jim Powers
President MPRCF

Now is a great time to join the AMA...Did you hear about our discount?

Attention: if you're thinking about becoming a new member or you have not been a member for the past 5 years you will qualify for a 25% discount off your full open membership April 1st through June 30th. If you are age 19 to 65 the charge with your discount is \$43.50, regularly \$58.00. If you are 65 years of age or older you only pay \$36.00, regularly \$48.00. With the warm weather approaching it's a great time to either start flying or get back into our wonderful hobby of flying, so please take advantage of this offer!

Easy ways to join/renew:

Website at <https://www.modelaircraft.org/joinrenew.aspx> and pay with MasterCard, Visa, or PayPal

Call us at 1-800-435-9262 and pay with MasterCard or Visa

By mail AMA, 5161 E. Memorial Dr., Muncie, IN 47302

By fax 1-765-741-0057

We are glad to welcome you to the Academy of Model Aeronautics!

A special thank you to Sunbelt Rentals for their support.
